Legal research needs vary widely from agency to agency depending on the nature of the work performed and the unique legal research needs of the end users. When an agency's needs cannot be met by the Roles-Based pricing options outlined above, West can develop agency-specific content packages ("special offers") that are tailored to an agency's unique legal research needs. This option provides maximum flexibility to those agencies requiring special content or content different from the Roles-based options, and will provide such agencies the best value, in terms of both price and content. Special offer pricing will be negotiated on an agency-by-agency, case-by-case basis, depending upon the unique content selected by the state agency.

#### Westlaw PRO/Government Select Library Collections

Westlaw PRO/Government Select Library Collections are slices of Westlaw content that allow agencies the ability to purchase specific collections of Westlaw content to meet their unique online legal research needs.

West's entire catalogue of PROs/Government Select Libraries are available for purchase by Texas agencies at a 15% discount off then-current rates for government subscribers. The Westlaw PRO/Government Select Library Collection is a great alternative option for agencies that have unique research needs and must access content that is not available in the Role-based options listed above. Please contact your local West government representative to obtain pricing information, as well as to help assess what PRO/Government Select packages best meet each individual agencies' needs.
